# Sideload a Book

You can upload a book by using the download URL on the records page in our repository.

- Navigate to the records page for the title you wish to download
- Copy the download link for the MP3 file for that title
  - Right Click (or press the Context button on your keyboard) to open the dropdown menu
  - Select Copy Link Address
- Paste that link in the URL text box in Converter Plus
- Select Get
- Once it is done refresh the page
- The title will now be in the dropdown menu for Project in Import Project
- Follow the steps in [Import Project](#) to get started.
