Sideload a Book 1

Sideload a Book

If you are working on an OverDrive title. Please see the [OverDrive Add New Book](#) for instructions.

You can upload a book by using the download URL on the records page in our repository.

- Make sure you are logged in to NNELS.ca
- Navigate to the records page for the title you wish to download, or copy the URL from your assigned spreadsheet
- Copy the URL for the records page for that title
- Paste that link in the URL text box in Converter Plus
- Select Get
- You can now Import the book from the top of the page. See [Import Project](#) for more instructions.

Here is a video demo on [How to Sideload a Book from a URL into Converter Plus](#).
