## Author & Citation Style

Things like [epigraphs](#), [block quotations](#), and [book reviews](#) will often be followed by an attribution, either to an author or some other source.

The epigraph, block quote, and book review should be formatted using the Quote style in the Word Style Pane, and the attribution should be formatted using the a custom style Citation.

To create a new style:

- Select New Style... from Styles Pane
- This opens up a pop up window for the New Style
- Change name to Citation
- For Style Based On select Normal
- Select OK

Style all Author and Citations with this style.
