Series Title Page ("Also by the author...")

Provide this section with an appropriate title if one is not already provided, such as '**Also By the Author**' and mark with a Heading 1.

When including a list of additional works by an author, **use either ordered or unordered lists to itemize the entries.**

If the list of works conveys information that would be lost if re-ordered (i.e. it represents a chronological listing by publication date), use an ordered list. If the ordering of the titles does not have any particular significance (i.e. alphabetical), use an unordered list.

If the books are from different series, and this is apparent from the listings, be sure to use nested lists.
